**NEW YORK, August 20, 2009** – *Inc.* magazine has ranked Cases By Source. No. 4208—up 194 spots from 2008’s placement—on its annual listing of the 5,000 fastest-growing private companies in the country. The list is the most comprehensive look at the most important segment of the economy—America’s independent-minded entrepreneurs.

“The Inc. 5000 features young companies that are achieving success through a wide variety of unprecedented business models, as well as older private companies that are still expanding at an impressive rate,” said Inc. 5000 project manager Jim Melloan. “That’s why our list is so eagerly anticipated every year.”

Being appointed to the Inc. 5000 list puts Cases By Source among an elite group that has included prominent brands like Microsoft, Cold Stone Creamery, Go Daddy, Jamba Juice, Oracle and Zipcar.

“We are honored to be included on this list alongside so many other successful and esteemed entrepreneurs,” said Alan Adler, Cases By Source’s founder and President. “Our 25<sup>th</sup> business anniversary is quickly approaching amid troubling times for our country. This kind of validation and encouragement fuels our passion for what we do and serves as a reminder that we are actively contributing to the revitalization of the greater economic picture.”

Cases By Source Inc. designs and manufactures protective packaging, mostly in the form of reusable/reshippable cases. The cases are used to secure, protect, transport, and showcase some of the world’s finest and most valuable instruments and merchandise—including precision medical devices and sensitive equipment used by the US military. Customers range from small companies to Fortune 500 corporations and the business has earned international recognition not only for stock and custom case solutions, but also for their dedication to customer service.

The Inc. 5000 is ranked according to percentage revenue growth from 2005 through 2008. To qualify, companies have to be U.S.-based, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2008. Revenue in 2005 must have been at least \$200,000, and revenue in 2008 must have been at least \$2 million.
